TOWN OF WARNER

PO Box 265

Warner, New Hampshire 03278-0265

September 25, 2014

James Bingham
Town Administrator
Warner Town Hall
Main Street
Warner, New Hampshire 03278

Dear Mr. Bingham:

The Warner Conservation Commission (WCC) enthusiastically supports the Town's application to the New Hampshire Department of Transportation (NH DOT) to fund the Rails To Trails project in our town. We appreciated Tim Blagden's presentation to the WCC describing this collaboration among Warner agencies and other communities interested in developing a recreational trail along an 11.5 miles stretch of the Warner River. The Rails to Trails project will connect communities and provide the opportunity for Warner residents to connect with our own natural landscape, while learning about conservation of local plants and wildlife through activities that can improve their environment and their own health. The WCC believes this project will also enhance residents' appreciation of the value of land conservation in Warner and in the rest of the state.

On behalf of WCC members, I thank you for your efforts to support this important community project and hope that your application to DOT is successful.

Sincerely,

Nancy Martin, Chair

Warner Conservation Commission
